Mr. Steven H. Gunderson
Rocky Flats Cleanup Agreement Project Coordinator
Colorado Department of Public Health and Environment
4300 Cherry Creek Drive South
Denver, Colorado 80246-1530

Dear Mr. Gunderson:

Please find enclosed the Reconnaissance Level Characterization Report/Pre-Demolition Survey Report for Tent 03, DWF-052-05. This report characterizes the physical, chemical and radiological hazards associated with this facility, summarizes the characterization activities, defines the Data Quality Objectives developed for this characterization, and presents the data quality assessment, verification and validation of the results. Performance of the Reconnaissance Level Characterization and the Pre-Demolition Survey (RLC/PDS) were performed in accordance with the Pre-Demolition Survey Plan (MAN-127-PDSP); therefore, no further characterization of this structure is necessary.

RLC/PDS results indicate that no radiological, asbestos or beryllium contaminants exist in excess of the PDSP unrestricted release limits for Tent 03. Tent 3 will be demolished and the waste managed as sanitary waste. However, the asphalt pad underneath the tent will be managed as hazardous waste.

Based upon this RLCR/PDSR and subject to concurrence by the Colorado Department of Public Health and Environment, Tent 03 is a Rocky Flats Cleanup Agreement Type 1 Facility pursuant to the Rocky Flats Environmental Technology Site Decommissioning Program Plan (DPP; K-H, 1999) and is ready for demolition.

Questions may be directed to Gary Morgan, Rocky Flats Project Support, at (303) 966-6003.

Sincerely,

John J. Rampe, Director
RFPO Closure Project Management
